**Step 14:** Click 'Provisional Results' from the task bar.

Choose the correct race.

Enter your time in hrs, mins and seconds and the ring number of that bird.

Once you click verify, you are all done and your bird has been registered

The provisional race results for the 2024 season, for those members that use the new registration system, the online results will be updated approximately **once an hour**. This is for security reasons. For those members that choose to use the old telephone verification system, the results will only be downloaded and added onto the full result sheet when the majority of the birds are home.

This system will be live very shortly and once you receive your welcoming email you just click on the following link to access it. <http://www.nrcc.pigeononline.co.uk/>

The committee of the NRCC hope that all members enjoy the forthcoming season and that you achieve the goals you set yourself.
